# How to Increase Your Blessings

**Bishop Clarence E. McClendon**

---

Before you witness any blessing, you must pay attention. There are many distractions in the world today, but most of them do not really matter. What matters is your faith and your relationship with God. You need to pay attention to what God is saying in your life.

## What God Is Saying

First of all, you have to settle with the fact that the will of God is to increase you. God does not want you broke, busted and disgusted for the rest of your life. He does not want you to live in poverty. He does not want to see you suffering. This is not what God wants. What He wants is to bring His people into INCREASE.

The Lord says in the Bible:

*For I know the thoughts that I think toward you, says the Lord, thoughts of peace and not of evil, to give you a future and a hope.*

*-Jeremiah 29:11*

The thoughts God has about you are thoughts to bless you. To give you a hope and a future. To expand you and to increase you. And, even with what's wrong in your life, the blessing of the Lord will correct it and fix it.

*The Lord remembers us and will bless us:*

*He will bless his people Israel,  
he will bless the house of Aaron,*

*-Psalm 115:12*

The difference between God's people and the people in the world system is that we are not trying to increase just to be increased. The divine purpose for our increase is for the expansion of the Kingdom of God on earth...

## Understanding Increase

One of the things that we need to understand about increase is that it is not a condition, nor is it an event. Increase is a spirit and it is an anointing.

The Bible says in Psalm 115:14 (NKJV):

*May the Lord give you increase more and more,  
You and your children.*

The scripture says, “*May the Lord give you increase.*” So, increase, itself, is something that is given. It is something that comes on an individual. It is something that comes on a life. It is something that comes on a household. It is something that comes on a business. It is not an event. It is not an accident. It is a spirit. It is an anointing.

Increase doesn't just happen. It has a principle that goes with it. In other words, there are principles that cause increase.

God operates His Kingdom by principle. There are principles in increase and then there is a mental disposition (mindset) as it relates to increase. When you have the spirit and the mental disposition of increase on your life, you are never satisfied with not enough. You recognize that when there is not enough, something is out of order.

I want you to take a moment to ask yourself this, “Is something out of order in my life?”

When you are constantly coming up short, that means something is out of order. Something is not properly in alignment. Why? Because that is not God's way. God's way is to give increase more and more.

One of the things you need to learn about the Spirit of increase and the anointing of increase is that the way it increases is by blessing people with the blessing on their lives. This is what God has purposed for you. Wherever you go, what is on you is supposed to start increasing and changing, but you must be settled and certain, and understand that the blessing is on you. The increase is on you and wherever you go, whatever comes under your authority, will experience increase.

Now, are you ready for this blessing?

## **Receiving the Anointing**

There is a Spirit of, and ANOINTING OF INCREASE which comes from God.

As your praying prophet, I declare:

It is coming on your life...  
on your household...  
on your family...  
on your finances...  
on your business...  
on your ministry...  
and on your church! (Read this again out loud!)

Even with your flaws, your failures, your mistakes, I decree to you, in the name of Jesus, it shall not stop, shall not hinder and shall not prohibit the activation of the Spirit and the anointing of increase on your life.

It is not happening because I say so, it is happening because God has said so. He has alerted me to the fact that He has purposed this.

You are reading this now, but you are not reading by accident. You are not reading by coincidence. You are ordained to read this because you are 'the one'. Like Abram, you are the one; like Isaac, you are the one; like Jacob, you are the one. You may not have thought you were the one, but God has decided that He is going to put this blessing of increase on you and He is going to get it through you.

Once increase is on your life—once the spirit of increase, the principle of increase, the disposition of increase is on your life—it works for everything. You are getting ready to increase in everything.

You are going to increase in everything good. Everything that God has said. I speak this, in the name of Jesus:

I declare your health increases.  
I declare your mind increases

I declare your thinking increases.

I declare your vision increases.

Your capacity increases as the Lord opens to you the treasures of heaven!

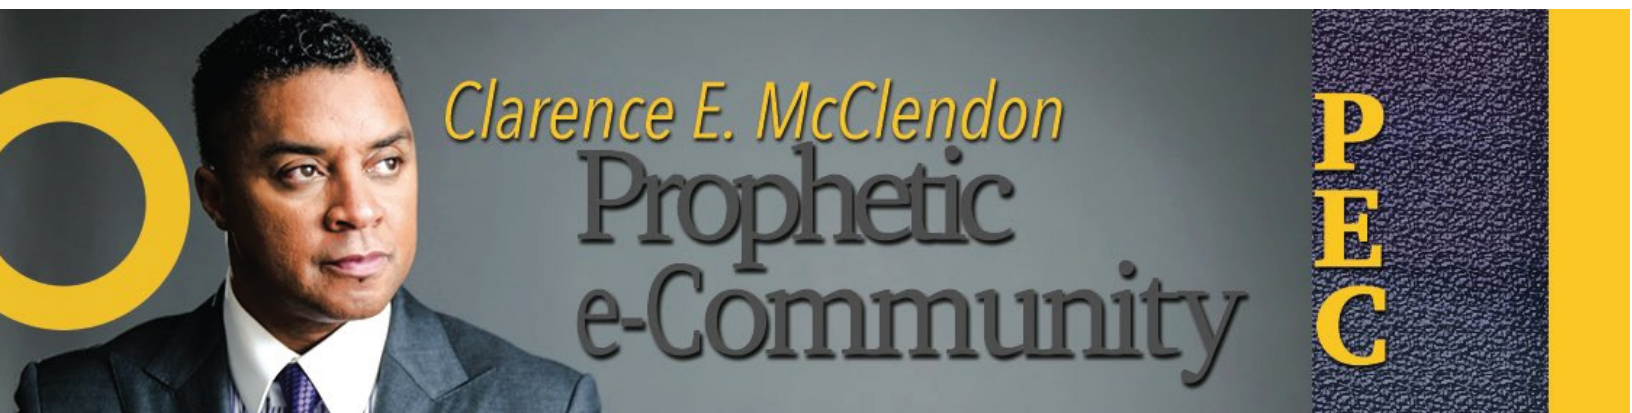

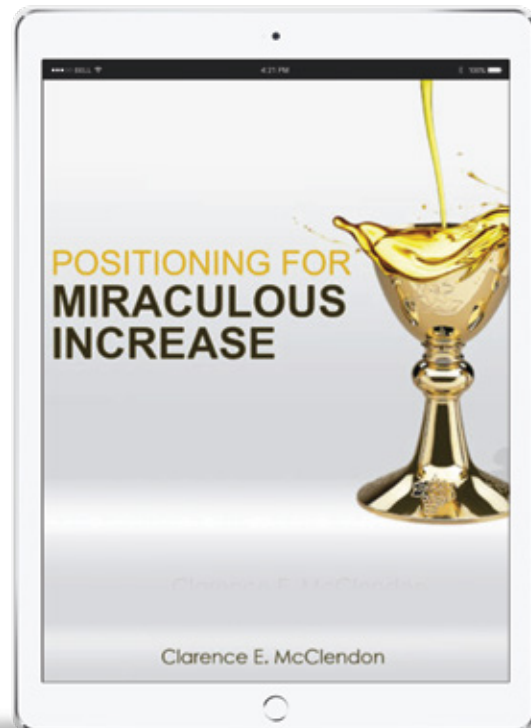

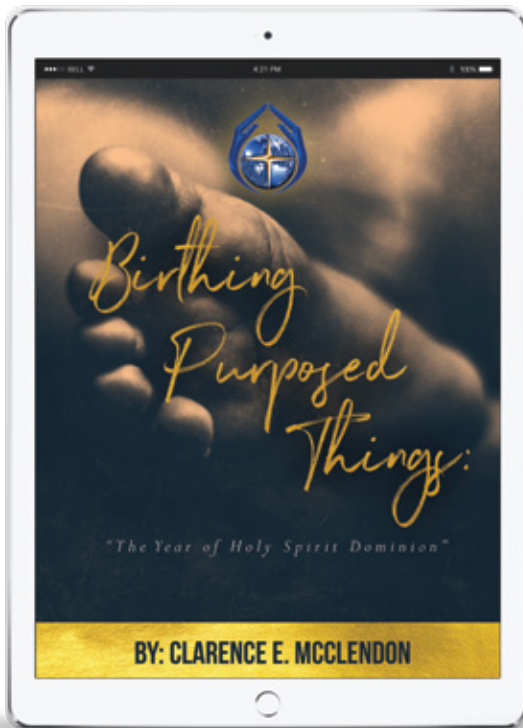

(Say this out loud and agree with me!)

As your prophet, I decree your ability to handle the blessing of God increases. Your capacity to walk in the blessing increased to you shall rise!

I speak increase to you. Your love increases, your favor increases, your kindness to the people of God increases. There shall be restoration in this increase. Things that have been stolen, things that have been taken, things that you were robbed of, God said it is coming back to you. Maybe you made a mistake; but it doesn't matter. God is bringing you another opportunity, another open door through this blessing.

Increase is coming on you and your children. It is coming to you and your household. Say, "My blessings are being increased!"

Amen!!
